

6 Things Contractors Need to Know this Week

- **Your Business Resources Value** - A value calculator highlighting your business resources available through FCA was added to the FCA website. [Click here](#) to see the value of belonging to a signatory contractor community.
- **COVID-19 Exposure Control Plan In Line with Federal Guidelines** - FCA's COVID-19 exposure control plan continues to remain in line with the [latest federal requirements](#). Customizable plans are available in U.S. and Canada - [click here](#) to request your plan. (*Note - U.S. contractors who previously requested their plan should have received the latest update via email*).
- **Reminder: Second Round of PPP Loans** - The second round of PPP loans are available until March 31. [Click here](#) for a memo from FCA Legal Counsel with more information.
- **Economy has Flatlined for Now** - FCA's economic contributor examines the current state of the economy and warns it looks better than it is. [Click here](#) to read.
- **Educating Employers on Mental Health** - FCA provides information, tools and resources to help contractors with members of their own organizations that could be struggling with mental illness, how they can recognize those individuals' challenges and how they can help. [Click here](#) for a quick case study.
- **Health Canada Proposes Amendments to Hazardous Products Regulations** - The [proposed amendments](#) would align with the seventh revised edition of the Globally Harmonized System (GHS). If amended, employers would have to retrain workers on the updated regulations and potentially require updated safety data sheets from distributors/suppliers and updated workplace labels.
